

PYRAMIDEPUSSEL 2

Dette puslespillet har fire biter.

Prøv om du kan sette sammen disse bitene til en likesidet pyramide.

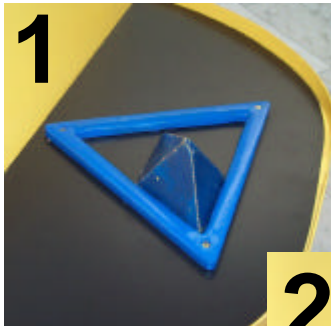

Ikke gi deg før du har greid det.

Klippes bort

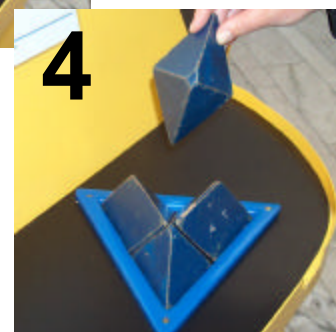

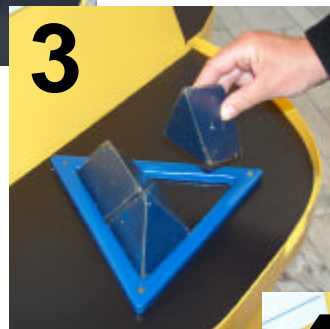

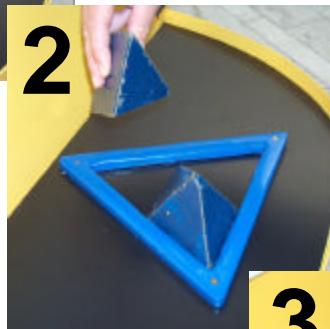

Experimentarius gir deg løsningen

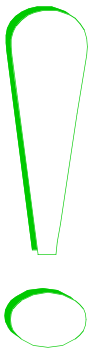

Slik setter du sammen de fire brikkene til en trekantet pyramide. Når alle de fire sidene er likesidete trekanter kaller vi en slik pyramide for et *tetraeder*. Tetra betyr fire

Så har vi et
tetraeder på

... 1, 2, 3 ... og4

PYRAMID PUZZLE #2

This puzzle has four pieces.

See if you can put these pieces together
into a pyramid where all three sides are
equally long.

Don't give up until you've done it!
